

I am writing this letter on behalf of Criston Slaughter, who was an Electrical Engineering student at Oklahoma State University who is applying for your World Explorers program.

As a former classmate of Criston's, I have had the pleasure to work on numerous projects with him which has allowed me the opportunity to witness how truly wonderful of a person he is. He possesses multiple attributes that would undeniably qualify him for this program. A dedicated person, Criston always shows great initiative and diligence in everything he does. He is focused, determined, goal orientated, and extremely motivated.

I admire his drive and passion to explore new things. A remarkable example of him using his desire to learn and determination would be him teaching himself multiple different languages such as Portuguese, Spanish and Russian. With those skills he has been able to help fellow students comprehend items that they may not have otherwise been able to. He also reaches out to individuals in other countries and teaches them English.

I believe that your program will be highly beneficial for Criston. By providing him with the opportunity to teach, it gives him a chance to do something he's always desired to become accomplished at. One that I believe he will use as a stepping stone for future endeavors. I have every confidence that he will be a great teacher for his chosen host family and help them in a way that brings honor and extreme care to the tradition of your organization. Should you have any questions, please do not hesitate to contact me.

Sincerely,

Alexis Jones 123E.58St Tulsa OK 74105 (918) 313-3864
